

## **Avila Spaces wins 2018 Coworker Members' Choice Award for coworking spaces**

**Avila Spaces is ranked #1 out of 64 coworking spaces in Lisbon by members of the world's largest coworking review site, coworker.com, and is recommended by 100% of reviewers.**

[Lisbon] (Monday 16 April 2018) — Avila Spaces announced today that it has won the 2018 Coworker Members' Choice Award for Lisbon, Portugal. The Coworker Members' Choice Awards are the only global coworking industry awards based on thousands of reviews and opinions from coworking space members around the world. Coworker.com has over 100,000 users connected to coworking spaces in over 164 countries. This year, 345 coworking spaces received recognition based on the quantity and quality of member reviews during the past 12 months. The award is given to only 1 coworking space in each city and this year the best co-work in Lisbon, 2018, is Avila Spaces.

Almost 100 coworkers reviewed Avila Spaces, of which 100% would recommend it. Overall, Avila Spaces received 5/5 stars across all categories: location, wifi, productive environment, workspace comfort, social & community and amenities.

Carlos Gonçalves, CEO and Founder of Avila Spaces, is thrilled to share this special accolade, "We are extremely proud that Avila Spaces has been awarded the Best Coworking Space in Lisbon! We truly care about each of our members and their projects, and provide them with personalized experiences to make sure that they're comfortable and happy. Avila Spaces is more than just a co-working office; we use tech, ergonomics and unique social events to invest in our community. Our remote workers love Avila's virtual offices and our new coworking business lounge. We're so happy to enrich their work life in such a meaningful way!"

Avila Spaces has a positive impact on its clients' businesses, with community members most valuing the extra mile that the Avila team goes to, to make personalise each of their working experiences. Levy Gasparian, Founder of Mufyn (mufyn.pt), rates Avila Spaces as the best coworking space in Portugal. "Avila Spaces is a calm and cool place with interesting and educated people. Carlos the owner is the best guy in Lisbon. He is interested in what you

are doing and how you can evolve with your ideas. Everything is where it should be, from the music to the cafe. I just love being there.”

Many of Avila’s international members, such as Gympass and Cabify, choose this premier coworking space as their base in Lisbon. Rodrigo Camargo, Global Marketing Director of AGP Group which is headquartered in Tennesse, USA, finds working at Avila Spaces to be rewarding both from a professional and personal perspective. “Avila Spaces provides just the right environment where one can be productive and even inspired by the look and feel of the space, its infrastructure, and the networking that is fostered by the Avila team. There is a sense of closeness, an attitude of camaraderie that is a valuable touch to our busy working lives. At Avila there is a sense of belonging that makes a difference. I think it nicely compensates for the fact that we are physically away from our company’s office and colleagues, by making us feel at home here.”

Now in its fifteenth year, Avila Spaces boasts over 500 clients, both from Portugal and abroad. From startups to international corporations, Avila’s rich community is enriched from companies across a range of sectors, from STEM education to software development, to health and fitness and music.

Leanne Beesley, CEO of Coworker is proud to announce the winners of the 2018 Members’ Choice Awards, “We’re excited to celebrate the coworking spaces around the world that are making an impact in their community. By putting a spotlight on coworking spaces that are providing a great environment and creating a community for their members, Coworker gives coworking spaces both large and small the ability to shine and attract new members.”

### About Avila Spaces

Avila Spaces is the most awarded business center in Portugal and is the leading innovator in the flexible work spaces market in the country. The new Coworking and Business Lounge offers a premium technology environment where companies can grow sustainably and dynamically. Avila Spaces has revolutionized the virtual office market with the launch of the myOffice app in 2010, a pioneering international platform.

Founded in 2004, Avila Spaces currently has more than 500 national and international clients and is a member and representative in Portugal of the largest network of business centers in the world, the eOffice International Network. This network has more than 300

locations and is managed from the UK. Avila Spaces has its facilities in Lisbon, Avenida da República and Avenida João Crisóstomo.

### About Coworker

Coworker, the member-powered platform for the global coworking community, enables people to find & connect with their perfect coworking space wherever they are in the world.
